

Dear Elbert School District Community,

Elbert School District is pleased to announce the availability of our 2010-2011 Annual Report to the Public. Every year, school districts in Colorado report about their performance to their communities, based on requirements in the *No Child Left Behind Act*.

Most of the information required by federal law is now available on the Colorado Department of Education's Web site in the SchoolView Data Center www.schoolview.org/performance.asp. The remaining information will be available in the Data Center in coming months. Our district will notify you when the additional information becomes available.

The SchoolView Data Center for Elbert School District includes the following information, except as noted:

Assessment Data

1. CSAP results by grade level for each school and for the district. Results are disaggregated by race/ethnicity, English language learners, economically disadvantaged students and students with disabilities.

3. CSAPA results (for students given the alternate assessment), if applicable.
